

Minutes from the September 17, 2024 meeting

Present: Edward Carney, Dotti Guiffre and Elizabeth Carney

Time Started 1:05 PM

Approved minutes of the August 27, 2024 meeting

The purchase of Captain Jack's QT Conc Deadweed Brew was recommended for eradicating weeds in the park walking path. Approved. A student from VTC has been helping with weeding in the park.

Ed Carney will request confirmation of guidelines for expenditure of ARPA funds from the Roxbury Selectboard.

Request for additional funds to addressing the path through the Roxbury Village Park to supplement current ARPA fund will be pursued. The maintenance of the walkway in the park has presented an ongoing problem due to weed growth. The plan is to add an improved surface to make the walkway ADA approved and easier to maintain.

A cider making and pumpkin carving event in the Roxbury Village Park was approved to be held on Saturday, October 12th from 9:00 AM until noon. Pumpkins have been donated by Gerry D'Amico for the event. We will be reaching out to local orchards for apple donations. The demonstration and use of a cider press has been donated by the Pincus Albright family for the event.

"Lanterns in the Park" will be our winter event. The date for "Lanterns in the Park" will be dependent on snowfall.

Winterization of the Park will take place in late October or early November. Next meeting of the Roxbury Village Park Committee will be determined at a later date.

Adjourned 1:35PM
